

Smallpox Pre-Event Vaccination Training and Planning for Department of Health Volunteers February 10 & 11, 2003

Are you considering participating in the Public Health Response Team?

Come learn more about participating in the Utah Smallpox Pre-event Plan. This training will provide information about the roles and responsibilities of Public Health Response Teams and Smallpox contraindication. There are also many way to participate that don't require vaccination. A representative from Human Resources will be at each session. A question and answer period will follow the presentations.

If you have questions or are interested in volunteering and need information, please attend one of the following sessions.

February 10, 3002

11:30-12:30 Cannon Health Building, Room 125

3:00-4:00 Cannon Health Building, Room 201.

February 11, 2003

12:00-1:00 44 Medical Drive Conference Rooms A & B.
